

## Junior Project Manager

### ATC Consultants

ATC Consultants GmbH has successfully implemented international consulting projects in more than 60 countries worldwide since 1985. We work for several international donor organisations mainly for the European Commission, the World Bank, the Austrian Development Bank and the Austrian Development Agency. The company is active in a variety of technical areas such as socio-economic regional development, public finance, justice and home affairs, democratisation and civil society, tourism, culture and world heritage. We are currently seeking an ambitious junior project manager to join the project management unit in our head office in Vienna. This involves taking responsibility in the acquisition (recruit experts, draft project proposals and budget breakdowns etc.) and in the implementation of development projects (technical and financial monitoring of the projects).

### Ideal Profile of the Applicant

- Excellent academic track record
- Strong analytical and conceptual competences
- Excellent English language skills, additional languages such as French, Spanish, Portuguese, Serbian, Russian or Turkish would be a distinct advantage
- First-class communication and networking skills, including ease of approaching people
- 1-3 years of work experience in bidding for and implementing of international donor-funded technical assistance projects
- Stress resistant and ability to work to tight deadlines

We offer intensive training, attractive learning opportunities as well as a friendly and dynamic working environment. Furthermore, we provide for a transparent and merit-based career and competence development path reflected in an attractive remuneration package.

If you are interested, kindly send your CV and contact information as soon as possible to [beatriz.hasler@atc-consultants.com](mailto:beatriz.hasler@atc-consultants.com) specifying the position “Junior Project Manager”. Full confidentiality of your application is guaranteed.
